# Meeting Minutes #4

*Date:* 10/10/2025

*Time:* 16:00 – 19:00 (3h00)

*Format:* In Person

*Attendees:* Patrick, Riyad, Adina, Ina, Bianca, Adnane, Ramy

## Meeting Agenda

- Complete Event Creation Feature
- Start Event Analytics for Organizers
- Implement QR Code Validation and generation for students
- Student Dashboard Development

## Key Discussion Points

- *Event Creation Feature Completion:*
  - Successfully completed the development of the event creation functionality for organizers (both frontend and backend).
  - Ensured all required fields and submission processes are functional.
  - Implemented user authentication for both organizers and students (register, login pages)
- *Event Analytics for Organizers:*
  - Finished development on the event analytics page for organizers.
  - Created several endpoints for organizers to get statistics per event.
- *QR Code Validation and Generation:*
  - Completed the functionality for validating QR codes, likely for event entry or ticket verification.
  - Implemented a feature so that when a student claims a ticket, he receives a QR code.
- *Student Dashboard and Event Discovery Page for Students:*
  - Began working on the student dashboard, which will serve for viewing their purchased tickets, saved events, and browsing all available events.

## Next Meeting Agenda:

- Continue working on the Student Dashboard and event discovery pages for students.
